

Construction of the renewed Middle School started on June 29, 2015. As a result, access to the area around the school will be restricted to construction personnel only.

Effective July 2, 2015, all parking lots at the Middle School will be closed until the end of August. The current pedestrian gates to Vanacore Field & track will also be closed. A new gate for public access will be opened on the north side of the fenced area (facing Bailey Road) for access to the field & track.

Due to construction vehicles entering and exiting the site, the access road to the Middle School will not be available for parking between the hours of 7:00 am and 5:00 pm on weekdays. Parallel parking will be allowed after 5:00 pm and on weekends. Parking is also available on Bailey Road and the Athletic Complex at 222 Maple Ave.
