III. Report of the Board of Education Chairperson or Designee Information Item

Mrs. Anderson reported that she is a member of the North Haven Rotary Club. The President of the Rotary contacted Dr. Cronin and Mrs. Anderson regarding donating a Golf Cart to the District for the NHHS/NHMS campus, which can be used by the athletic department as well as a mode of transportation for visitors that are unable to walk long distances. This cart is equipped with a total of four seats with an option to lower back seats to allow for transporting other goods, for example: food, cones, boxes, etc. It is an electric golf cart which they felt would also be good because it is a benefit to the environment. A letter will be needed from the Board of Education accepting this donation.

Motion: To accept the gift of a new golf cart form the North Haven Rotary Club with the understanding that the Board of Education will assume the responsibility for maintenance and insurance coverage, providing proof of insurance and acceptance of this gift on district letterhead. Approved

MOVED: Randi Petersen

Mrs. Caldwell stated that she would like it to be clarified who can drive the cart for safety reasons. Mrs. Anderson agreed and requested that Administration put together a policy regarding who is allowed to drive the golf cart and the type of training that they have.

IV. Unfinished Business

Ms. Caldwell stated that she attended the recent Board of Finance Meeting and stated that the Finance Committee did not receive Mrs. Tanguay's budget information that she forwarded to the Finance Department after last month's meeting, and asked that Mrs. Tanguay forward it to the Finance Committee directly. Mrs. Caldwell stated that there were other topics brought up at the Finance meeting, such as the girls hockey team, and wanted clarification from Mrs. Anderson. Mrs. Anderson stated that Mr. Freda may be helping them in some way to get donations from local businesses, but she was not sure of any details. Mrs. Caldwell suggested that the girl's hockey team contact the NHEF for help. Mrs. Caldwell also stated that the Board of Education should look at the athletic budget more carefully this year because why should the boys hockey team be a school team and not pay anything and the girls have to fund their team on their own. Her opinion was that it was very unfair that one team have to pay and the other does not.

Mrs. Anderson responded that it is because the Boys are a Team and the Girls are a Club. The Girls is a Club due to the amount of participants. Mrs. Anderson also said that the Board will be looking more closely at this come budget time this year.

Ms. Caldwell also stated that the Board of Finance also discussed the field maintenance and the possibility of maintaining not only the turf fields but the others as well. Ms. Caldwell stated that Mr. Freda stated that he would need some estimates of what that would cost the Town. She suggested putting together some costs analyses of what that would be. Perhaps give them an estimate of what all fields would be and what just the turf field's maintenance would be. Mrs. Anderson stated that she doesn't want any decisions made at this time until the Middle School is completed.

V. New Business

Ms. Caldwell reported that a group she was working with needed to rent out the NHHS auditorium and commented on the price because when they rented it last year it was much cheaper. Ms. Caldwell had some concerns regarding the cost of the lighting and sound and NHHS contracting that out for such a large fee. Dr. Cronin stated they are trying to find someone interested in taking that position on, but was unsuccessful, and that is why they had to go outside for that service.

VI. Reports of Standing Committees:

1. ACES

Information Item

Mrs. Logan stated that ACES does their convocation on Election Day. They announced that there will be six teachers retiring at the end of the year. ACES gives an incentive to each teacher that announces early (November 1) that they will be retiring at the end of the school year. Mrs. Logan reported that ACES will be breaking ground on Leeder Hill School in January 2018. Mrs. Logan also got information for Mrs. Corriveau regarding tuition rates for the 2018-2019 school year.

2. Curriculum, Instruction, and Planning

Information Item

Dr. O'Brien stated that this month's meeting was a very short meeting. He reported there was discussion about two clubs, the Stock Market Club and the Girls on the Run Club at Montowese. Dr. O'Brien also stated there was a date change on the Ellis Island Field Trip at the High School and there is no need for a formal vote, because it was just date that was changed, everything else remains the same. The Curriculum, Instruction and Planning would like it if out of state field trips were not scheduled on a Friday.

Dr. O'Brien stated that the field trips below are out of state field trips that occur every year and are approved every year.

Mrs. Caldwell suggested that these field trips get approved one at a time and not together.

Approval of the following field trips:
