First Selectman Freda Announces Two Week Curbside Bulk Pick-up Program to Commence April 6, 2015

First Selectman Michael J. Freda announced today that the Town's Department of Public Works will provide a two week curbside collection program for bulk items to the residents of North Haven. The program will be effective the weeks of **April 6th** and **April 13th**. Bulk items are defined as large upholstered items (couches, chairs, mattresses, box springs, love seats, sectionals and recliner chairs); appliances or "white goods" (washers, dryers, refrigerators, ranges and dish washers) and scrap metals (curtain rods, bicycles, metal tables, metal ladders, lawn mowers, metal grills, air conditioners, etc.).

Residents are encouraged to place bulk items for pick-up at the curb along with their regular sanitation and recycling containers by 5:00 a.m. on their designated sanitation collection day.

Please note that wood items are not considered bulk. Wood items, including wooden chairs, tables, bookcases, etc., can be incinerated and therefore will be picked up along with your weekly curbside sanitation collection.

Electronics such as televisions, stereos, computers, copiers, fax machines, etc. must be brought to the Town's Recycling Center, which is located on 24 Elm Street adjacent to the North Haven Racquet Club. Electronics by law must be recycled and recycling is available for all North Haven residents at no cost.

"The bi-annual curbside bulk pick-up program demonstrates just one of many ways the Department of Public Works is invested in assisting the residents of North Haven," stated First Selectman Freda. "It is an important service that the Town and Department is committed to continue to provide to its residents," Freda added.

Further information on the semi-annual curbside bulk pick-up program may be obtained by reviewing the Town's website at www.town.north-haven.ct.us or by contacting the Department of Public Works at (203) 239-5321, extension **410**.
