

SIGN UP FOR CLEAN ENERGY NOW!

Every household in North Haven can now sign up for clean energy!

When you sign up for the CTCleanEnergyOptions™ program, the lights will still go on and all of your appliances will work just the same as they always have. The only difference is that you will be helping to support cleaner air, a healthy community and true energy independence.

Act now and there's a special bonus for every 200 local residential or small business customers who sign up for CTCleanEnergyOptions™. Our town will receive 2kw of **free** solar energy panels from the Connecticut Clean Energy Fund that can be placed on a school or other town building. Learn more about this exciting incentive at www.ctcleanenergy.com/communities.

CTCleanEnergyOptions™ TO SIGN UP RETURN THIS FORM TO:

North Haven Clean Energy Task Force
First Selectman's Office
Town of North Haven
18 Church St, North Haven, CT 06473
